CLASP Highlights Career Pathways in New Book

A new book from the Federal Reserve Banks of Atlanta and Kansas City and Rutgers University's John J. Heldrich Center for Workforce Development examines the state of today's labor market as well as strategies to improve workforce development and education. *Transforming U.S. Workforce Development Policies for the 21st Century*, produced in collaboration with CLASP and other workforce experts, highlights transformative workforce and education policies that improve employment opportunities for students and workers, with a special focus on those experiencing the greatest barriers. This includes the long-term unemployed, those with limited formal education, older and youth workers, minorities, and individuals with disabilities.
